

# COLDWATER SPRINGS HOMEOWNER ASSOCIATION APPROVED EXTERIOR PAINT SCHEMES

---

Please be aware, an architectural application needs to be submitted and approved **BEFORE** you paint your house. Please click on the following link to access the color palette:

[https://www.dunnedwards.com/colors/archive/color-ark\\_pro/coldwater-springs/fulton-homes](https://www.dunnedwards.com/colors/archive/color-ark_pro/coldwater-springs/fulton-homes)

Be sure to download each scheme you are interested in to see the "notes" for all surface instructions. Once you select your colors, submit an architectural application complete with color samples provided by Dunn Edwards.

The Architectural Committee will do a "drive by inspection of your property" prior to application approval.

You have a Fulton Home if the address plaque on your garage states "Fulton Homes" under the house number. If it does not say Fulton Homes, you have a Standard Pacific home. All homeowners regardless of the builder can submit any of the available color schemes.

Some colors shown on the website may not show the true color accurately due to the settings of your computer monitor. We encourage you order a 5" x 8" color sample of all the colors in your selected color scheme from the website - OR - you can visit their store for a smaller color chip sample.
